CHILLINGTON TOOLS

The hoes are forged from a single piece of steel, which means that there are no weak welded points.

To ensure the longest possible worklife, all products are hardened and tempered.

RALPH MARTINDALE
GROUP OF COMPANIES
 SINCE 1874

RALPH MARTINDALE

GROUP PROFILE

Ralph Martindale and Company Limited is a privately owned company established in England in 1874. Its subsidiary companies are engaged in the manufacture of agricultural hand tools, gardening tools and Hardware tools.

The Chillington Tool Company Limited is 100% owned by Ralph Martindale and Company Limited, and was established in England in 1892

Our operations are located in England, Ghana and Thailand.

Our core products are Matchets, Hoes, Forks and Sickles. Our "Crocodile" brand is the market leader, selling to 146 sovereign countries across the world.

Quality is assured and the "Crocodile" brand is the hallmark and guarantee of the very highest quality product. Marketing and Group sales are centralised at our corporate headquarters in Willenhall, England.

CROCODILE

Crocodile Matchets (Ghana) Ltd

Established in 1968, the factory is the world's largest producer of matchets. At our operation in Ghana, we primarily manufacture patterns 410, 443 and 202, and have tooling available for many other patterns.

"Crocodile" brand matchets not only dominate the Ghanaian market but also the entire sub-region of West Africa.

The Chillington Tool (Thailand) Company Limited

Established in 1966, the company is the world's largest producer of draw hoes and forks. Chillington tools are sold throughout the world under a number of different brand names, the most famous being "Crocodile"

The hoes and forks are forged from a single piece of steel, which means that there are no weak welded points. To ensure the longest possible work-life, all products are hardened and tempered, and each is accompanied by a guarantee.
